Boston Business Group (BBG) is one of the leading companies in the sector of specialized contracting services companies in the State of Qatar. BBG has been able to become a pioneer in the specialized Sub-Contracting category with an extensive experience in civil construction, MEP, engineering and renovation works for Public and Private Sector in the Region. For years, BBG has managed to meet the challenges in a complex local construction & contracting business.

WHO WE ARE?

With all the various projects BBG has been successfully completed it proves that quality and efficiency are its primary concerns. Through its commitment to excellence since day one of operation BBG is Known in the construction industry as an organization founded on professionalism, quality and efficiency.

BBG was able to sustain its good standing in the industry over the years because of the dedicated professionals in the top management, middle management, engineers and all the staff that consistently working as one in order to contribute to the company's success.

WHAT WE DO?

Boston Business Group intends to be one of the leading providers of Engineered products and services to the energy and infrastructure industry in Qatar, specializing in key diverse energy-related disciplines of rotating equipment, electrical, instrumentation, drilling & static equipment. Established in 2017, Boston Business Group represents notable world-class equipment manufacturers and service providers.

The company provides its clients in Qatar with comprehensive specialized engineering products and services support to the energy spectrum of Qatar's upstream and downstream industries. With an utmost focus on reliable and safe service, the group has grown into a trusted name in Qatar and is under expansion further in the Gulf region.

The Group is internationally recognized, with certifications in Quality Management Systems- ISO 9001:2015, Environmental management Systems- ISO 14001: 2015 and Occupational Health and Safety Management Systems OHSAS ISO 45001:2018. Boston Business Group Group is also ICV Certified.

VISION & MISSION

Vision

BBG is to become a leading general contracting company, gain the respect for its professional performance, quality of work and integrity. To be known for its superior services that meets client's requirements and be the client's first general contractor's choice.

BBG strives to deliver high-quality general contracting services that exceed expectations, while upholding ethical standards, and aims to become a leading and respected choice for construction projects.

Mission

BBG provides its clients with general contracting services of Infrastructure, MEP, Landscape and Building Construction with leading practices and high quality that consistently exceed their expectation. BBG operates by its principles and code of ethics when communicating with its employee and customers, committed to continual improvement and innovation.

OUR STRENGTH

Boston places a strong emphasis on commitment to international standards and local regulations, quality management, reliability in delivering promised work outputs, and a focus on health and safety practices for all parties involved in their projects.

COMMITMENT

To International Standards and locally to Qatar Construction specification and other regulatory laws.

QUALITY

We manage by objectives & considered to be the key measurement of standard of our organization and projects.

RELIABILITY

We deliver work outputs on what we have promised. We believe in mutual benefit between us & our clients.

HEALTH & SAFETY

We commit to Health & Safety practices of our employees, subcontractors and clients.

QUALITY COMMITMENT

BBG believes in having the following standards that delivers a point of difference for our costumers.

- We constantly strive to provide the best products and services at all times.
- We set high standards based on an up-to-date understanding of best practice, internally and externally.

- We value continuous improvement in everything we do ensuring ever increasing standards are achieved, keeping BBG one step ahead of competition.
- We will be proactive in becoming smarter in our core business process.
- BBC's associates and suppliers share the same standards that deliver commitment to quality services and products, employee safety, legality and a high caliber of service delivery and customer service.

Maintaining excellence in the safety of the work being done is a primary requirement not only for well-being of the personnel engaged in construction work but also for the benefits that accrue through higher moral and the expedition of the construction time of a project. For this reason, a safety program is formulated. BBG is fully committed in ensuring health and safety of all personnel, in the preservation of environment and security requirement, permit to work systems and safety regulations for contractors. We will adhere to the following Qatar Gas and Qatar national standards:

SAFETY FIRST

- Environment, health and safety (EHS) and site security requirements for all the contractors and their workers.
- Qatar Supreme Council for the environment and Natural Reserves Guidelines.
- State of Qatar Environmental Protection Standards.
- Qatar Construction Specification (QCY)
- Sanitation Laws & Regulation of Qatar Ministry of municipal Affairs.
- Quality Policy and Procedures for Environmental Impact Assessments (1977) and the related Environmental Protection Standards. (1998)
